

Program Name: DOORWAYS TO CONSTRUCTION

Host School: Heathfield High School

National Qualification: Certificate I in Construction

Code: CPC10111

RTO Code: 0022

Program Description: The Doorways to Construction full year program is a highly practical one which is supported by theory and is designated for students wishing to explore a career in the building and construction industry. The focus is on providing hands on practical experience in the trade areas of carpentry, concreting, tiling painting and decorating, joinery, plastering, plaster board fixing/flushing, bricklaying and demolition. Students complete competencies from the Construction Training package. Students will complete their National White Card training which is the regulatory authority requirement before entry to a work site is permitted. High standards of safe work practices are expected and enforced throughout the course. All students are required to organise and participate in structured workplace learning in industry settings.

Pathway: This course leads to Certificate III courses in a range of different trade areas as well as possibilities in School Based and full-time Apprenticeships.

SACE Credits: Stage 1, 40 credits

Course Length: Semester 1 and 2

Training Day & Time: Tuesdays or Wednesdays 8:45am – 3:15pm

Commencement Date: Tuesday 5 February 2019

Special Requirements: Students must supply their own steel-capped boots, 8 m quality tape measure and a box of disposable dust masks, labelled with the student's name. Other personal protective clothing and equipment will be supplied, including safety glasses, a shirt, riggers gloves and ear muffs. Shirts are to be worn and visible at all times while on site.

Selection process requires submission of a resume, attendance at an interview and successful completion of the interview. If the number of applicants is higher than the number of positions, selection will be based on regional criteria and the Construction Industry Training Board criteria
