

Program Name **3D CHARACTER DESIGN AND DIGITAL EFFECTS** *(Stand-alone course or Game Design Top up)*

Host School: Marden Senior College

National Qualification: **CUA31015** Certificate III in Screen and Media
(Partial but potential to complete full Certificate by completing Thursday Game Design)

RTO Code: 40046

Program Description: This program introduces students to the world of 3D modelling, visual effects and video games. 3D imagery/model are created and/or manipulated and integrated with 3D models/photography. This course guides students through the entire analytical and technical process of creating 3D images using the current industry standard applications. The integration of computer-generated imagery (CGI) allows them to create environments that would be dangerous, costly, or simply impossible to create using traditional special effect techniques. Learning animation principles and animating a short scene is the final component required for this course.

Pathway: This certificate reflects the role of a skilled operator within the Digital Media industry. With a completion of Certificate III in Screen and Media (Thursday) it may lead to further study in Certificate IV in Screen and Media, courses in Digital Media, Interactive Media, Game Art and Visual Effects.
