

Program Name: BUILDING LINKS

Host School: Youth Education Centre – Flexicentre

National Qualification: Certificate II in Construction

Code: CPC20112

RTO Code: 40053

Program Description: Certificate II in Construction is a unique program designed for students with an interest in the building and construction industry. Building Links work in conjunction with Housing SA in renovating and remodelling existing Housing SA properties, with students developing skills in areas including carpentry, concreting, tiling, painting and decorating, joinery, plastering, bricklaying, landscaping and demolition. This course combines structured workplace training, practical work sessions and theory into a single package designed to give students a work ready qualification.

Pathway: This certificate reflects the role of entry level employees within the construction industry. Further study in Certificate III in Construction and/or School Based New Apprenticeship and/or a Full Apprenticeship in the building construction industry may follow this. This certificate requires completion of Building Links Cert I or similar.
